All together, **15 people from Italy, Portugal, Romania and Poland** took part in the joint staff training event.

Main contents and the results of the Joint staff training event:

During the Mobility C1 10 researchers and 5 teachers from the consortium worked together on the methodology to be developed by the project.

They shared ideas and best practice examples about the use of CLIL methodology in primary schools in their countries and developed a Concept Note which is one of the two transnational learning activities foreseen in the project. It aims to improve the quality and European value of the methodology and Intellectual Outputs to be developed as well as to raise the learning impact of the planned activities for participants.

The Concept Note contains a description of the guidelines for development of version 1 of the following Intellectual Outputs that will be created under activity A5 – Implementation of methodology and of the main Intellectual Outputs:

- **Guidelines on how to develop CLIL materials in primary schools;**
- **Guidelines on how to use CLIL in primary schools;**
- **Guide addressed to teachers on how to use the CLIL methodology in primary schools;**
- **E-course addressed to teachers on how to use the CLIL methodology in primary schools.**
